DETAILED ACTION

Response to Arguments

Applicant's arguments filed 8/5/04 have been fully considered but they are not persuasive with respect to claim 7. The claim recites "purse lines" at each end which the prior art does not disclose. It would have been obvious to modify the prior art with a plurality of purse lines as described below.

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 7, 9 and 13 are rejected under 35 U.S.C. 103(a) as being unpatentable over Jensen (772360).

As to claim 7, disclosed is a fish bag in the form of a tubular webbing material; bag rings; a second open netting (read as the material outside of ring (7)); and a purse line. Not disclosed are purse lines. It would have been obvious to one having ordinary skill in the art at the time the invention was made to comprise each end with purse lines; since it has been held that mere duplication of the essential working parts of the device involves only routine skill in the art.

As to claim 9, disclosed are towing lines.

As to claim 13, disclosed is a flexible material.

Allowable Subject Matter

Claims 1-6 and 14-2-27 are allowed.

Claim is 8 objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of

Art Unit: 3644

the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
